OMKAR YELSANGE

Forward Deployed Engineer | Software Engineering | AI Integrations

+91-9503626444 | omkaryelsange1010@gmail.com | LinkedIn | GitHub | Portfolio

Professional Summary

Software-focused engineering graduate with hands-on experience in **full-stack development, AI/API integration, debugging, and application testing**. Built web applications with **Python, Flask, React, and Node.js**; experienced in reproducing defects, validating REST APIs, and communicating findings. Uses **ChatGPT, Claude, Gemini, and Copilot** for coding and debugging, with outputs checked through testing and review.

Technical Skills

Programming & APIs: Python, **JavaScript (ES6+)**, **SQL**, C++, **REST APIs**, **API integration**, request/response validation

Full-Stack Development: React.js, **Node.js**, Express.js, **Flask**, HTML5, CSS3, **Socket.io**, Firebase Authentication, Firestore

AI & Developer Tools: Gemini API, NLP fundamentals, **ChatGPT**, **Claude**, **Gemini**, **Copilot**, prompt engineering, AI-assisted coding/debugging

Cloud & Data: AWS S3 (project exposure), **Databricks Lakehouse**, Bronze/Silver/Gold architecture, PySpark (foundational), PostgreSQL, MySQL, MongoDB, Power BI, Excel

Quality & Delivery: Postman, **debugging**, **issue reproduction**, functional/regression testing, data validation, Git/GitHub, documentation, Microsoft Office (Excel, PowerPoint, email), Docker fundamentals

Experience

Data Analyst **Jun 2026 – Sep 2026**
Autoline Industries Ltd. *Pune, India*

- **Cleaned and validated operational data** across Production, Quality, Maintenance, Requirements, and R&D using **Python, SQL, and Excel**; resolved missing values and inconsistent records before reporting.
- Prepared MIS reports and Power BI dashboards, **validated KPI calculations against source data**, investigated discrepancies with relevant teams, and **communicated findings** clearly.

Project Management Intern **Nov 2025 – Dec 2025**
Lumax Cornaglia Auto Technology Pvt. Ltd. *Pune, India*

- Coordinated cross-functional project activities; **tracked blockers, follow-ups, and action items** and maintained status reports and documentation to support timely execution and clear handoffs.

Full Stack Developer Intern **Aug 2025 – Oct 2025**
Drushya Digital India Pvt. Ltd. *Remote*

- Contributed to React/Flask web modules and used **Postman to validate REST API endpoints**, request-response behavior, HTTP status codes, input handling, and edge cases.
- **Reproduced and documented defects**, ran functional, regression, sanity, and cross-browser checks, then **retested fixes** to verify expected behavior.

Projects

AI Chatbot Web Application *Python, Flask, NLP, Gemini API*

- Integrated the **Gemini API** through a **Flask backend** and built an interactive web interface, tracing requests from the browser through backend routes to AI-generated responses.
- Validated the **end-to-end request/response flow** and checked prompt and API behavior to support reliable interaction between the UI, backend, and external AI service.

Real-Time Chat Application *Node.js, Express.js, Socket.io, Firebase*

- Implemented **real-time client-server messaging** with Node.js, Express, and **Socket.io** for live message exchange.
- Integrated **Firebase Authentication and Firestore** for sign-in and persistent message storage; checked core user flows, message delivery, and error scenarios.

GoodCabs Data Engineering Pipeline *Databricks, AWS S3, Medallion Architecture*

- Used **AWS S3 and Databricks Lakehouse** in a transportation-data project, organizing datasets through **Bronze, Silver, and Gold layers**.
- Applied data cleaning and transformation steps to prepare **curated, analysis-ready datasets** and support downstream analytics.

Certifications, Achievement & Education

Achievement: Best Innovation Award, DIPEX 2025 – recognized for **sensor-based industrial monitoring research** and the associated research-paper presentation.

Certifications: IBM Prompt Engineering Professional Certificate (2025); **Deloitte Data Analytics Job Simulation**, Forage (2025).

Education: B.E. Robotics and Automation, D Y Patil College of Engineering, Akurdi **CGPA: 8.90/10.0**
Pune, India 2022 – 2026
